Main specifications

Cooktop material	Ceramic glass
Number of heating zones	1
Power of main heating zone, W	2000
Control	Electronic
Digital control	Yes

Sensation - OURSSON induction cooker - a winning solution for compact kitchens. The sensor panel controls the cooking process with a flick of two taps. The cooking surface is made of a glass-ceramic material, which does not overheat, protecting the safety of its owner. Smart electronics can regulate the power levels and help you choose the ideal mode of cooking any dish you prefer.
